

Regolamento BUILD YOUR WINS

Istruzioni di gioco

Per ogni partita a Build Your Wins hai venti (20) simboli su un tavolo da gioco cinque per quattro (5x4).

Questi sono i diversi tipi di vincite:

- **CLUSTER WIN** - Scopri tre (3) o più simboli uguali in contatto tra di loro con un lato per rimuovere automaticamente quel gruppo di simboli dal tavolo e vincere quanto riportato sulla TABELLA DEI PREMI. Per ogni simbolo rimosso, un nuovo simbolo cade al suo posto dall'alto.
- **RUOTA BONUS** – Scopri sei (6) spicchi della ruota in una singola partita per attivare la RUOTA BONUS e vincere il premio o la funzione su cui si ferma la RUOTA BONUS. I possibili risultati della RUOTA BONUS includono:
 - **MOLTIPLICATORI** – Se la RUOTA BONUS si ferma su uno spazio MOLTIPLICATORE, tutte le VINCITE vengono moltiplicate per il valore mostrato su quello spazio. La funzione MOLTIPLICATORE non può moltiplicare i PREMI TOP. I MOLTIPLICATORI disponibili sono: 2X, 3X, 5X, 7X, 10X, 15X, 25X, 50X, 250X.
 - **GIOCA TE EXTRA** – Se la RUOTA BONUS si ferma su uno spazio GIOCA TE EXTRA, sblocchi cinque (5), dieci (10), quindici (15) o venti (20) GIOCA TE EXTRA, a seconda del numero mostrato su quello spazio. Le GIOCA TE EXTRA non possono essere giocate durante le GIOCA TE EXTRA. La GAMMA DI PREMI delle GIOCA TE EXTRA è compresa tra 3X-100X.
 - **VINCITA Istantanea** – Se la RUOTA BONUS si ferma su uno spazio VINCITA Istantanea, vinci immediatamente il valore del premio mostrato su quello spazio. La GAMMA DI PREMI della VINCITA Istantanea è compresa tra 7X-100X.
 - **PREMI TOP** – Se la RUOTA BONUS si ferma su uno spazio PREMIO TOP, vinci il PREMIO TOP MINORE, MAGGIORE o EPICO mostrato su quello spazio. Gli importi del PREMIO TOP si basano sul costo del biglietto giocato.

L'esito del tuo biglietto è predeterminato e fissato al momento della vendita. Il risultato non sarà influenzato da una disconnessione dal sistema.

Se si verifica una disconnessione dopo l'acquisto, l'esito apparirà nella cronologia del tuo account.

Il malfunzionamento annulla tutti i Pays and Play.

I biglietti Build Your Wins possono essere acquistati a 0,50 €, 1,00 €, 2,00 €, 5,00 €, 10,00 €, 20,00 €, 30,00 €.

Come giocare sulla versione completa del sito web e su quella mobile

Seleziona il pulsante Costo del biglietto sotto il pulsante GIOCA per scegliere il prezzo per biglietto.

Selezionare "FATTO" per chiudere il menu Costo del biglietto.

Nella schermata di gioco, seleziona il pulsante GIOCA o premi la barra spaziatrice sulla tastiera per acquistare e giocare il biglietto.

Dopo aver giocato, acquista un altro biglietto o modifica il prezzo del biglietto seguendo i passaggi precedenti.

Pulsanti e campi

- GIOCA: Premi questo pulsante o premi la barra spaziatrice per acquistare e giocare i tuoi biglietti.
-  " " Apre il menu Costo del biglietto per modificare il costo del biglietto.
- VINCITE TOTALI: Mostra l'importo totale vinto con i biglietti acquistati.
- MODALITÀ SALDO: Con la MODALITÀ SALDO, il costo del biglietto viene immediatamente detratto dal portafoglio/saldo. Eventuali premi vinti in MODALITÀ SALDO possono essere incassati.
- MODALITÀ DEMO: Consente a un giocatore di sperimentare il gioco senza effettuare depositi. Nessuna vincita in MODALITÀ DEMO rappresenta una vincita reale; i premi non possono essere incassati.
- NUMERO ID PARTITA: Appare sullo schermo all'inizio di ogni partita. Il NUMERO ID PARTITA è univoco per ogni partita giocata.
- SALDO: Visualizza il saldo del tuo conto.
-  Premere questo pulsante per abilitare o disabilitare i suoni di gioco.
- "≡" Apre il menu che include quanto segue:
 - "?": Mostra le regole di gioco sul desktop.
 - "🔊" Premere questo pulsante per abilitare o disabilitare gli effetti sonori e o i suoni ambientali, nonché regolare il volume.
 - "i" Mostra le istruzioni di gioco.
 - "→" Premere questo pulsante per tornare alla lobby dei giochi.

Premi disponibili

Il seguente numero di biglietti sarà reso disponibile per ciascun prezzo di biglietto offerto nella Build Your Wins:

Biglietti totali per ciascun prezzo	2.000.000
-------------------------------------	-----------

Totale biglietti vincenti per ciascun prezzo	544.752
--	---------

La tabella dei premi riportata di seguito mostra i premi disponibili per ciascun prezzo del biglietto e le probabilità complessive approssimative di vincere ciascun premio.

Probabilità complessive

Le tue probabilità complessive di vincere un premio per biglietto sono 1 su 3,67.

Le probabilità complessive si basano sul numero massimo possibile di biglietti giocati.

Il ritorno teorico al giocatore (RTP) per questo gioco è **96,00%**.
